

MUNKEN

MUNKEN LYNX (US)

Extraordinary printing demands extraordinary design paper. The uncoated smooth surface of Munken Lynx and its natural white shade make images genuine and gives an exclusive and yet very authentic appeal. Munken Lynx is developed for offset print, but is also suitable for various kinds of printing techniques; flexo, laser, xerography, digital printing, inkjet and for preprint applications. 80 & 90 g/m² / 54T & 61T lbs. are even further developed as fully adapted preprint paper. Also available is a cream white shade, Munken Pure, a bright white version, Munken Polar and the high white Munken Kristall.

Munken Lynx standard products are available as EU Ecolabel, FSC® FSC-C020637 and PEFC™ PEFC/05-33-99 certified.
