

G-PRINT (US)

G-Print is a woodfree coated paper. High bulk, generous paper feel and excellent runability, making G-Print a great paper choice. Smooth yet bulky it is noted for its consistent technical quality. The smooth, low-reflecting surface provides both perfect readability and quality image reproduction, with high gloss contrast. G-Print offers sharp, even print and low mottling tendencies. Finishing performance provides unique folding and binding properties. G-Print is ideal for books, magazines, brochures, catalogues, covers, direct mail, folders, posters, inserts and maps. G-Print is available both as sheets and reels in various sizes in grammages from 70 to 300 g/m².

G-Print standard products are available as FSC_® – The mark of responsible forestry. www.fsc.org. FSC-C007342 and PEFC™ PEFC/05-33-98 certified.
