

ARCTIC VOLUME WHITE (US)

Arctic Volume White is a matt, fully coated paper with high bulk available in grammages between 90 and 300 g/m². The matt surface provides excellent printing results and high-class image reproduction but at the same time retains a natural feel. The paper's properties include bulk, opacity and rigidity making it ideal for high quality four-colour books, advertising material, magazines, posters and many other types of printed material that require a special feel.

Arctic Volume White standard products are available as FSC® – The mark of responsible forestry. www.fsc.org. FSC-C007342 and PEFC™ certified. PEFC/05-33-98.
