

# Arctic Volume HighWhite (US)

Arctic Volume HighWhite has outstandingly high whiteness. The paper therefore offers exciting opportunities in the form of print contrast and colour brilliance. Its unique whiteness coupled with high opacity, bulk and stiffness makes this paper ideal for exclusive, lavish printed matter of the highest quality. Arctic Volume HighWhite is available in grammages from 100 to 250 g/m<sup>2</sup> and can be ordered both in sheets and reels.

Arctic Volume HighWhite standard products are available as FSC® – The mark of responsible forestry. [www.fsc.org](http://www.fsc.org). FSCC007342 certified.

The mark of  
responsible forestry
